

IV. Graduate Declaration of Finances

Payment for tuition and fees, health insurance, books, room and board is due in full upon arrival.

You **must show official certification of all sources of support**; acceptable forms are an original bank statement, employer's certification of annual salary, official certification of income-generating real estate or investments, etc. in U.S. Dollars. Additionally, if the support is not from your own personal savings, **you must include a letter of support from the parent or sponsor** who will support you during your education with the parent or sponsor's signature.

You are required to certify that you have sufficient funds available for your academic and living expenses. Estimated minimum funds needed for a nine-month academic year are as follows:

Graduate

2007-2008 Annual Expenses (2 Semesters)

Tuition	13460.00 (up to 9 hours/semester)
Books	1000.00
Room/Board	7843.00
Medical	1000.00
Total	23,303.00 U.S.

*Personal Expenses** We suggest that you include an additional 2000.00 US for personal expenses. Such as transportation, vacation/break expenses, personal items, entertainment, etc.

While your personal expenses may vary, Armstrong Atlantic State University requires proof of finances equaling \$23,303.00 U.S. Dollars for graduate students. The expenses listed above are for 2 semesters only (a nine-month academic year). Graduate students planning to attend classes during the summer semester should estimate an additional \$7,000.00 per year. The figures above represent the minimal costs of living in Savannah. Your personal spending may differ significantly. **If you are planning to attend the university for the 2008-2009 academic year, please reflect approximately 6% more in your financial documentation.** ALL FIGURES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

Additional Expenses for Spouses and Children:

Spouse:	\$600.00 per month or \$7,200 per year (12-months)
Each Child:	\$400.00 per month or \$4,800 per year (12-months)

(For example if you and your spouse travel to the U.S., and both are on F visas, the total amount of funds needed will be \$30,303. This is the \$23,303 for you, the student, and an additional \$7,200 for your spouse.)

Also, please consider transportation cost to the U.S., sources and availability of emergency funds while in the U.S., and any government-imposed restrictions on the release of funds from your country.
